

CNC ULTRASONIC LABEL CUT & CENTRE FOLD MACHINE

Model: YS-6100

Charactors:

- With ultrasonic cutting devices;
- Cold or hot blades is optional;
- Digital control feeding with setting length or non-setting length;
- With cutting and centre folding function;
- faulty label eliminating function;
- Top blade structur, easy to be changed;

Technical parameters:

Working speed		0~240 pcs /min (5cm length)
Electric	Power	2.5kw
	Voltage	220V, 50Hz or 60Hz
Gross weight		280kgs
Dimension		L X W X H=128x96x133cm
Ultrasonic		20Khz
Suitable label belt range		
		
slice		Centre fold
